SUPERIOR PRE-PAINTED STEEL
FOR WALLING AND FACADES.

Take inspiration from this imagined landscape by architecture and design collective, das studio, purveyors of bold ideas and colourful concepts.

Introducing the Pastel Series.

Chic. Elegant. Classic. Audrey Hepburn. Fiat Bambinos. Seaside bistros. Retro yet so right now.

Pastel colours have finally found their way into your palette thanks to the mastery and simpatico of Nexteel™.

Nexteel™ commits to working with architects and specifiers to create walling and façade options that look better for longer.

The pastels series complements the superior NextSTAR™ Australis range.

Use our Complementary Colour Guide for inspiration on colour pairings.

NX | **PASTEL SERIES**

GELATI™

Yes please. The plural term for gelato - the most wonderful of Italian frozen desserts. It's rich, dense, light in colour but packs a flavour punch. An accent colour to brighten any palette.

LIMONCELLO™

Zesty and fresh, as with the drink, this colour can finish off a project very sweetly. Bellissimo!

NX | PASTEL SERIES

PERIWINKLE™

Pale and dreamy, this colour is named after the periwinkle flower, and can vary its mood, depending on how it's paired. It could take on a blue characteristic or appear a deeper purple.

COMO™

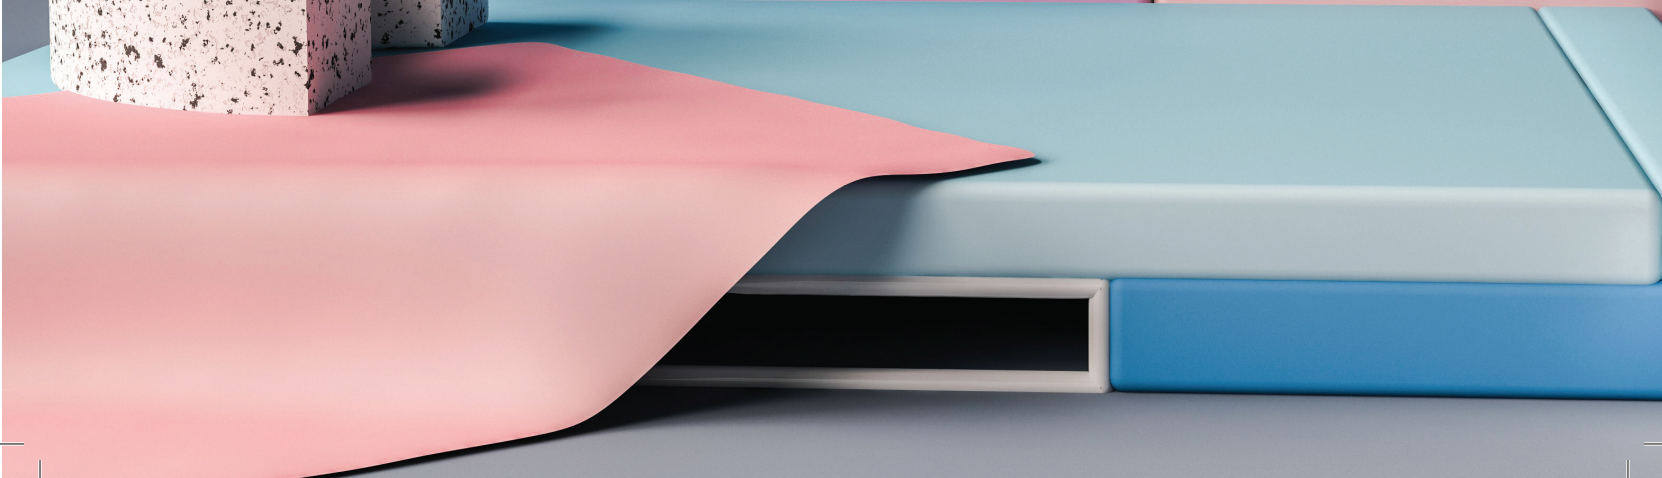

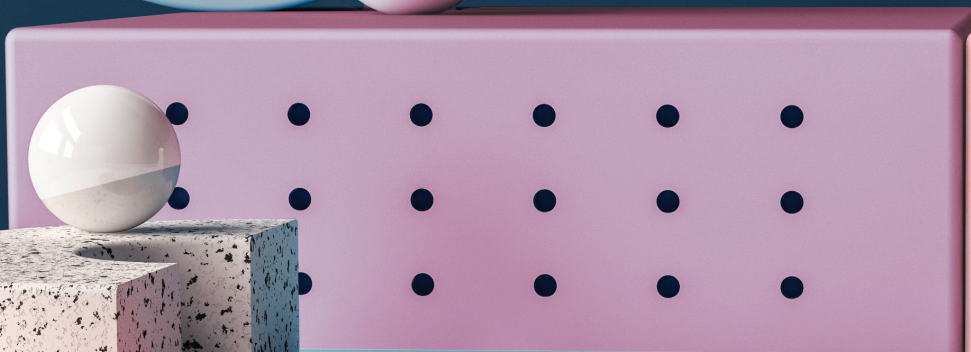

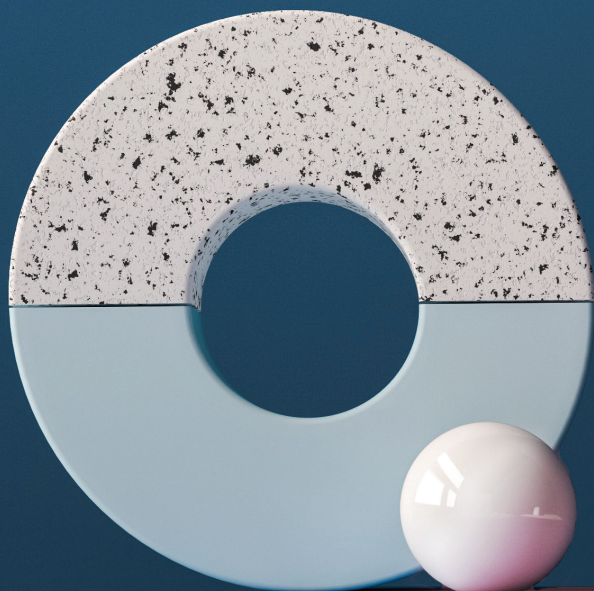

Gentle, welcoming and always popular. Como brings felicită to any project. Its popularity will be due to its ability to work on its own or to complement any in the Australis series.

RENDEZVOUS™

Make a date with style as you introduce this warm tone into your palette. Use it to bring a softness to hard edges and discreetly pair with other stronger tones.

XX | PASTEL SERIES

KOMBI™

Think 1960s flower power and you also think of this classic VW vehicle. Not just a machine offering you a practical carriage from A to B, this is a spirited, fun loving personality on wheels.

BARDOT™

Va-voom. Though our hue is warm and soft, it provides such a contrast that will turn heads for years to come.

BAMBINI™

The baby of the series. Warm and yet a slight cool tone to it – pair this soft colouring with the Australis Windjana™ or Vivonne™ for spectacular results.

NX | PASTEL SERIES

The not-so-Pastel Series

VESPA™

A clever colour that can be a little bold or add a pastel flavour to your projects. Use Vespa as a feature colour when you want a façade that says modern and classic.

CAPRI™

Think of romantic, sun drenched holidays on this Italian island. Rich history overlooks vistas of historic towns like Positano, Sorrento and Naples. Capri is where we want to be, no matter the time of year.

ST TROPEZ™

Forget fake tans, St Tropez promises you decadence and discretion on the French Riviera. Rub shoulders with fellow jet setting European and American tourists. And keep the bubbles coming!

AÇAÎ DREAM™

An enduring colour that can be casual or formal – it's up to you. This not quite pastel purple can hold its own against stronger hues and its versatility means it can also be paired with other pastels for memorable results.
